ABOUT ME

I'm a passionate Frontend Developer with a strong focus on building scalable, performant, and user-friendly web applications. With 1.7+ years of experience as a Full Stack Developer, I have worked extensively with React.js, Node.js, and GraphQL, crafting seamless digital experiences. While my core expertise lies in React.js, I'm also comfortable working with Vue.js and Angular when needed. For full-stack roles, I specifically focus on Node.js for backend development.
