ABOUT ME

I'm a passionate Frontend Developer with over 3.5 years of overall experience in web development, including 1.7+ years of hands-on commercial experience as a Full Stack Developer. I specialize in building scalable, high-performance, and user-friendly web applications using modern technologies.

My core strength lies in React.js, but I'm also proficient in Vue.js and Angular when the project demands it. On the backend, I focus primarily on Node.js and GraphQL for delivering robust full-stack solutions.
